The Nation's Favourite Coffee.

Sustainability is at the heart of NESCAFÉ heritage. *Caring for the planet, one cup of coffee at a time.*

For the **simple savourers** looking for a caffeine kick without the fuss. The classic kickstart to your day, packed with a **fuller and bolder flavour**.

For the **balance seekers**, looking for that little extra something in every cup. The smoother way to start your day, with a **well-rounded taste and rich aroma**.

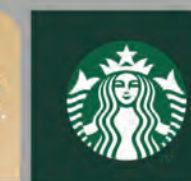

For the **explorers**, looking to be their own barista. A customisable blend designed to help you keep connected over a **barista-style cup, with an irresistibly smooth crema**.

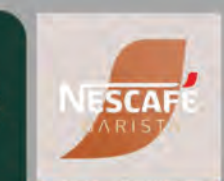

The **#1 multi-beverage** coffee machine¹ bringing coffee shop culture home, **at the touch of a button**. Offer guests an **extra treat** for less than a bean-to-cup machine.

For the **perfectionists**, who want a cup that **looks just as good as it tastes**. The frothy range that **delivers me-moments** topped with long-lasting foam for that instant **indulgence**.

The **#1 most innovative** and distinctive coffee shop brand² bringing **superior at-home experiences**. Loved by **trend chasers and taste testers**, STARBUCKS[®] offers **limitless possibilities** with every cup.

Made with the **dedication of our baristas** who pour their heart into every brew, NESCAFÉ[®] Barista offers two barista-quality blends, expertly crafted to capture your sense and **delight every coffee lover**.

A Choice for Every Palate.

We are investing
£900m
in our **NESCAFÉ** plan
by **2030**

From the full and bold taste of **NESCAFÉ Original** to the iconic flavours of **STARBUCKS[®]**, the NESCAFÉ coffee offering is designed to meet your every need with the world's most recognisable coffee brands.

- **Use Regenerative Agriculture**
20% of coffee sourced from regenerative agricultural methods by 2025, 50% by 2030
- **Reduced Greenhouse Gas Emissions**
50% reduction by 2030, Net zero by 2050
- **Improve Farmers' Livelihoods**
100% responsibly sourced coffee by 2025, already achieved in Europe
- **Packaging Waste Reduction**
 - Fully recyclable B2B tins
 - Sachet: transitioning to D4R laminate by 2025

TASTING NOTES

Deliciously medium roasted coffee beans with hints of cocoa for a rich and intense flavour.

**LETRATAG
MACHINES**

Label. Organise. Simplify. Save 20%.

Whether you're organising files, storage boxes, shelves, classrooms or your home office, there's never been a better time to invest in a DYMO® LetraTag label maker.

Until the end of September, enjoy **20% OFF** all DYMO LetraTag machines and bring professional organisation to every workspace.

Why Choose a DYMO LetraTag?

- **Compact & Portable** – Lightweight design that's easy to carry and store
- **No Ink or Toner Required** – Thermal printing technology keeps running costs low
- **Preview Before You Print** – Large graphical LCD display shows exactly how your label will look before printing
- **Professional Customisation:**
Multiple font sizes / Bold & underline options / Box and frame styles / Date stamp / Symbols and icons
- **Two-Line Printing** – Create clear, easy-to-read labels for every application
- **Store Your Favourite Labels** – Built-in memory saves frequently used labels for faster printing
- **Easy-to-Use Keyboard** – Quick, intuitive operation for everyday labelling
- **Wide Choice of Label Materials:**
Paper labels / Durable plastic labels / Metallic labels / Iron-on fabric labels (selected models)
- **Auto Power-Off** – Helps extend battery life when not in use

Write with a purpose!

It all started with a pen...

...what started with a simple idea to make high quality writing accessible to everyone - has grown into one of the world's most recognised stationery brands. Since Marcel Bich founded BIC in 1945, the company has been dedicated to creating reliable products that make everyday life easier.

ecoolutions®
Eco friendly solutions made from recycled materials.

Paperboard used in packaging made from 100% recycled content

BIC - simple, inventive and reliable solutions for everyone, everywhere, limiting impact on the planet and making a positive contribution to our communities, consumers, customers and people.

What?

A product range focusing on sustainability and using recycled materials.

Why?

To provide high-quality, essential products that also meet sustainability goals, using a combination of recycled and renewable materials.

The Round Stic ECOLutions pen combines remarkable writing comfort with great value.

Easy to use, with a functional barrel for smooth control.

Perfect for every writing job!

Helping Dealers Diversify, Sell More, and Unlock New Opportunities

The Diversification Hub

In an evolving marketplace, it's more important than ever for dealers to stay agile, explore new revenue streams and respond to changing customer needs. Many businesses are already broadening their offer, and the most successful are those that approach diversification as a way to strengthen their overall proposition, deepen customer relationships and create additional value across their portfolio.

Expanding into complementary categories can also help dealers reach new buyers and build connections that can naturally grow into wider sales across their established core ranges.

The BOSS Diversification Hub has been created in collaboration with BOSS members and industry partners, this resource area is designed to help dealers and sales professionals navigate and capitalise on key growth areas – from cleaning and hygiene to tech, furniture & ergonomics, print & promotional products, and beyond.

Categories include:

Industrial & Warehouse	Personal Care & Wellbeing	Print & Promo
Tech	Workwear & PPE	Breakroom
Cleaning & Hygiene	Furniture & Ergonomics	Health & Safety

bossfederation.com

industrial solutions

tough marks for tough environments

edding Industrial delivers professional-grade markers and identification solutions for those who demand durability, precision, and reliability.

Built to withstand harsh environments and tough materials, our products perform where others fail – keeping your operations efficient and accurate.

edding paint markers

Essential in industrial settings for their precise, durable, quick-drying, and waterproof markings, especially on dark surfaces, powered by ink which can withstand high heat and solvents.

edding permanent markers

Providing versatile, durable, and sustainable marking solutions for various materials, including metal, plastic, and glass, with a wide range of colours and stroke widths for professional use.

edding specialist markers

edding offers a range of markers designed to meet specific marking and labelling needs for every industrial requirement, including the 950 for rough surfaces, the 8404 for low corrosion marks, and the 8046 for instant use, all ensuring precision and reliability.

Speak to Becky Capes at rcapes@edding.co.uk for more information. edding.com
